*“My doctor and his health care team are excellent!!! I received A+ care and would recommend him for knee surgery!! Any questions I had would be answered in a timely manner. What an upbeat staff!! They make the process so much easier and less painful.”*

Bilateral bundled services will be reimbursed at 150% of the relevant bundled rate.

Sorted by CPT/Charge Code

## What is Sauk Prairie Healthcare asking of self-insured employers?

- **Discover the Advantage of True Value**  
Combine exceptional quality and personalized service with transparent pricing — delivered by an independent provider, free from large-system influence.
- **Partner for Strategic, Seamless Care**  
Consider Sauk Prairie Healthcare as your trusted partner for comprehensive healthcare services, ensuring a smooth, coordinated experience for your employees.
- **Empower Smarter Healthcare Decisions**  
Educate employees on how to purchase care based on value — quality, service, and cost — by leveraging independent providers recognized as centers of excellence.

## Why should self-insured employers consider partnering with Sauk Prairie Healthcare?

- There is no need to change existing healthcare plan design; start when ready and discontinue at any time
- Board-Certified specialists in Orthopedics, Sports Medicine, General Surgery, Urology, Plastic Surgery, Obstetrics & Gynecology, Family Medicine, and Pediatrics
- Focus on value related to total cost management versus lowest cost provider (infections, re-admissions, continuity of care, etc.)

## How does Sauk Prairie Healthcare provide better results than the industry in quality, service and cost?

- Reduced variability based upon single specialty focus and volume
- Focus on a personalized experience for each patient reducing stress and anxiety
- Education and communication providing patients the resources they need to address their concerns at home
- Independently owned and governed, resulting in lower overhead costs

## What are the benefits of Sauk Prairie Healthcare for self-insured employees?

- Dedicated Care Coordinator to guide the patient journey
- Single price for bundled service known in advance and provided in one invoice
- Best-in-class clinical outcomes and patient experience

## What are the benefits of Sauk Prairie Healthcare for self-insured employers?

- Ability to better manage healthcare spend
- Improve employee satisfaction by streamlining the process to select a high-value provider
